What have you learned yesterday?

- From the presentation itself I learned about culture and stereotypes a lot. It's a common subject, yet so important to talk about. Besides those topics I had a chance to hear other people speaking and learn new words or phrases I can use in an everyday conversation which is extremely useful.
- I've learned that people shouldn't judge others by their appearances - first they should meet this person. I've learned what actually makes people one culture and nation and understood that knowing other cultures is very important.
- I have broadened my horizons about stereotypes and cultures.
- They show me a lot of difference in looking at culture.
- I learned what culture or stereotypes are. The workshops also helped me to build up my own opinion on many topics, made me realize that it is not worth following the opinion of others or stereotypes. I also learned new words in English.
- How to understand other people.
